MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: Security Violation

Reference: Your memo of 9 December 1957, Same Subject

1. I agree with you that the security violation of Richard [REDACTED] is a serious one. However, I find he incurred this 1-1/4 years ago, four months after coming to work in the Agency while serving as a volunteer for night duty in the OCI Watch Office. We had asked for volunteers to assist OCI during a particularly trying period. He states the idea of preparing this list came to him in the middle of the night while covering the Office with nothing else to do. The security implications never dawned on him he says.

2. [REDACTED] is doing an excellent job and is the type of young man we are most anxious to keep. We believe he shows excellent promise as an administrative officer.

3. I recommend we give [REDACTED] a two weeks suspension without pay and ask him to give up his job with [REDACTED]
